### Actual Material Certificates and Certificate of Conformance supplied as standard to EN 10204:2004 3.1

SHOWN WITH **OPTIONAL FLANGE** 

# **NASHCROFT**

# Type 2030 Series Digital Sanitary Gauge

### At last, a multi-functional sanitary gauge from the experts in pressure measurement.

The new Ashcroft<sup>®</sup> sanitary digital gauge saves money, time and space. Now, one digital pressure gauge can replace three instruments... a mechanical pressure gauge, a transducer and a switch! Save space, installation costs and the cost of additional instruments and pipe cut-outs.

**Industry Leading Features Include:** 

- 4/20 mA Output
- (1) or (2) SPDT Switches
- .25% F.S. Terminal Point Accuracy (.13 BFSL)
- IP 65 Weatherproof Case Suitable For Wash Downs
- Extra Large Display
- Easy-to-Use Password Protected Menu With:
- 5 Backlite Display Options
- 12 Engineering Units
- Menu Configure Feature
- Update Rate
- Dampen Rate
- Auto-Off
- · Material Traceability Certification to EN 10204: 2004 3.1

The new Ashcroft<sup>®</sup> sanitary digital gauge has been designed to monitor pressures in critical pharmaceutical, biotech or food processing applications when a Tri-Clamp® type of connection is required. These gauges can be cleaned and steamed in place (CIP/SIP) and meet ASME B40.7. When there are requirements for a remote-mount digital sanitary gauge and temperature error is a concern, the unique Ashcroft Type 2030 series is offered with an optional remote-mount design. This unique design eliminates additional temperature error caused by conventional capillary between the gauge and seal. These digital sanitary gauges come standard with material traceability certification to EN 10204: 2004 3.1\*

Tri-Clamp® is a registered trademark of Alfa Laval Inc. \*excludes 2036 series

Notes (1)3 shielded cable standard

(2) Rezero gauge often after exposure to elevated temperatures and use.
(3) The 2030 Series Digital Gauge is not suitable for an autoclave.

(4) Vacuum and compound pressure ranges require silicone or food grade silicone fill fluid.
